

## SUBJECT INDEX

NOTE: Abstract Index follows Author Index

### A

#### **Abducens nerve palsy**

Recurrent abducens nerve palsy caused by dolichoectasia of the cavernous internal carotid artery, 255

#### **Acquired capillary hemangioma**

Acquired capillary hemangioma of the eyelid in an adult, 403

#### **Acquired immunodeficiency syndrome**

An *in vivo* model of human cytomegalovirus retinal infection, 181

Delayed vitreous hemorrhage after placement of a ganciclovir implant for cytomegalovirus retinitis, 557

Elevation of laser flare photometry in patients with cytomegalovirus retinitis and AIDS, 190

Foscarnet-ganciclovir cytomegalovirus retinitis trial: 5. Clinical features of cytomegalovirus retinitis at diagnosis, 141

Intraocular pressure and aqueous humor dynamics in patients with AIDS treated with intravitreal cidofovir (HPMPC) for cytomegalovirus retinitis, 168

Macular ischemia as a cause of decreased vision in a patient with acquired immunodeficiency syndrome, 699

Metastatic anterior chamber non-Hodgkin lymphoma in a patient with acquired immunodeficiency syndrome, 243

Molluscum contagiosum eyelid lesions as the initial manifestation of acquired immunodeficiency syndrome, 240

Ocular and sinus microsporidial infection cured with systemic albendazole, 241

Regression of cytomegalovirus retinitis associated with protease-inhibitor treatment in patients with AIDS, 199

Rhegmatogenous retinal detachment in patients with cytomegalovirus retinitis: The foscarnet-ganciclovir cytomegalovirus retinitis trial, 61

#### **Age-related macular degeneration**

Indocyanine green angiography of drusen, 344

Phenotypic heterogeneity in families with age-related macular degeneration, 331

#### **Age-related maculopathy**

Familial aggregation of age-related maculopathy (correspondence), 862

Serum beta carotene, alpha tocopherol, and age-related maculopathy: the Blue Mountains Eye Study, 838

#### **Albendazole**

Ocular and sinus microsporidial infection cured with systemic albendazole, 241

#### **Amniotic membrane**

Amniotic membrane transplantation for conjunctival surface reconstruction, 765

#### **Amphotericin B ointment**

Treatment of fungal corneal ulcers with amphotericin B ointment, 836

#### **Anaplastic large cell lymphoma**

Solitary extranodal anaplastic large cell lymphoma, Ki-1+, of the eyelid, 105

#### **Angiogenesis**

Factors controlling ocular angiogenesis, 521

Hyperfluorescent plaque lesions in the late phases of indocyanine green angiography: a possible contraindication to the laser treatment of drusen, 554

Intrachoroidal microvascular abnormality: a previously unrecognized form of choroidal neovascularization, 473

Vascular endothelial growth factor and fibroblast growth factor 5 are colocalized in vascular and avascular epiretinal membranes, 447

Vascular endothelial growth factor and severity of nonproliferative diabetic retinopathy mediate retinal hemodynamics *in vivo*: a potential role for vascular endothelial growth factor in the progression of nonproliferative diabetic retinopathy, 433

#### **Angle-closure glaucoma**

Angle-closure glaucoma in a 10-year-old girl, 251

Anterior chamber depth in Mongolians: Variation with age, sex, and method of measurement, 53

Cavernous-dural fistula with secondary angle-closure glaucoma, 851

Ultrasound biomicroscopic findings in humans with shallow anterior chamber and increased intraocular pressure after the prone provocation test, 632

#### **Anterior chamber angle**

Changes in the anterior chamber configuration after small-incision cataract surgery with posterior chamber intraocular lens implantation, 775

#### **Anterior chamber depth**

Anterior chamber depth in Mongolians: Variation with age, sex, and method of measurement, 53

Changes in the anterior chamber configuration after small-incision cataract surgery with posterior chamber intraocular lens implantation, 775

#### **Anterior ischemic optic neuropathy**

Nonarteritic anterior ischemic optic neuropathy: time of onset of visual loss, 641

#### **Antioxidant vitamins**

Serum beta carotene, alpha tocopherol, and age-related maculopathy: the Blue Mountains Eye Study, 838

#### **Antiviral chemoprophylaxis**

Antiviral chemoprophylaxis after occupational exposure to human immunodeficiency virus: Why, when, where, and what, 234

#### **Aplasia**

Bilateral aplasia of the optic nerves, chiasm, and tracts in an otherwise healthy infant, 409

#### **Aqueous flare levels**

Cataract and aqueous flare levels in patients with atopic dermatitis, 36

- Argon lasers**  
Argon vs diode laser trabeculoplasty, 627
- Arterial occlusion**  
Retinal arterial occlusion in a child with factor V Leiden and thermolabile methylene tetrahydrofolate reductase mutations, 689
- Asia**  
Anterior chamber depth in Mongolians: Variation with age, sex, and method of measurement, 53
- Asymmetric posterior blepharitis**  
Discoid lupus erythematosus presenting as asymmetric posterior blepharitis, 707
- Atopic dermatitis**  
Cataract and aqueous flare levels in patients with atopic dermatitis, 36
- Atrophy**  
Unilateral enophthalmos secondary to acquired hemilipodystrophy, 572
- Automated perimetry**  
Asymmetries in the normal short-wavelength visual field: Implications for short-wavelength automated perimetry, 46
- B**
- Behçet disease**  
Bilateral loss of vision and macular ischemia related to Behçet disease, 116
- Bleb leaks**  
Late onset of sequential multifocal bleb leaks after glaucoma filtration surgery with 5-fluorouracil and mitomycin C, 40
- Blepharophimosis syndrome**  
Endometrial carcinoma in a patient with blepharophimosis syndrome and menstrual abnormality, 855
- Blindness**  
Bilateral loss of vision and macular ischemia related to Behçet disease, 116
- Blink rate**  
Gravity, blink rate, and lacrimal drainage capacity, 758
- Blinking**  
Blinking is controlled primarily by ocular surface conditions, 24
- Blood vessels**  
Persistent fetal vasculature (PFV): an integrated interpretation of signs and symptoms associated with persistent hyperplastic primary vitreous (PHPV). LIV Edward Jackson Memorial Lecture, 587
- Blue Mountains Eye Study**  
Serum beta carotene, alpha tocopherol, and age-related maculopathy: the Blue Mountains eye study, 838
- Books, Software, and Electronic Media**  
The Retina Atlas, by Yannuzzi, L. A., Guyer, D. R., and Green, W. R., 422  
Atlas of Clinical Ophthalmology, by Montzka, D., 270  
Automated Perimetry: An Interactive Primer, by Flanagan, J., Buys, Y., Trope, G., and Potvin, R., 424  
CD-ROM Atlas of Retinal Disease, by Landers, M. B., Bradbury, M. J., and Krieger, A. E. (eds.), 578
- CLAO Residents Contact Lens Curriculum Manual, by , 866  
Clinical Ocular Oncology. Second edition., by Char, D. H., 131  
Common Problems in Neuro-ophthalmology, by Acheson, J. F., and Sanders, M. D., (eds.), 132  
Cosmetic Blepharoplasty, by Wojno, T. H., 132  
Excimer Lasers in Ophthalmology. Principles and Practice, by , 864  
The Excimer Manual (A Clinician's Guide to Excimer Laser Surgery), by Talamo, J. H., and Krueger, R. R. (eds.), 577  
Foundations of Low Vision: Clinical and Functional Perspectives, by Corn, A. L. and Koenig, A. J., 269  
Imaging in Glaucoma, by Schuman, J. S., 133  
Laser Surgery of the Posterior Segment. Second edition, by Bloom, S. M., and Brucker, A. J., 576  
Michel's Retinal Detachment. Second edition, by , 865  
Neuro-Ophthalmology, Clinical Signs and Symptoms. Fourth edition, by , 865  
Ocular Anesthesia, by Greenbaum, S., 712  
Office and Career Management for the Eyecare Paraprofessional, by Borover, B., and Langley, T., 577  
Ophthalmology. Second edition., by Evans, N. M., 268  
The Ophthalmoscope, by Schett, A., 268  
Optic Nerve Disorders, by Kline, L. B. (ed.), 423  
Practical Ophthalmology: A Manual for Beginning Residents, by Wilson, F. M., II (ed.), 714  
Practical Paediatric Ophthalmology, by Taylor, D., and Hoyt, C., 713  
Review of Ophthalmology: A Question and Answer Book, by Chern, K. C. and Wright, K. W., 423  
Visual Fields: Examination and Interpretation. Second edition., by Walsh, T. J. (ed.), 713
- Branch retinal artery occlusion**  
Branch retinal artery occlusion by diathermy of a persistent hyaloid artery, 415
- Burkitt lymphoma**  
Non-African Burkitt lymphoma presenting with oral thrush and an orbital mass in a child, 859
- C**
- Carotid-cavernous sinus fistula**  
Severe vision loss and neovascular glaucoma complicating superior ophthalmic vein approach to carotid-cavernous sinus fistula, 853
- Carteolol hydrochloride**  
Efficacy of carteolol hydrochloride 1% vs timolol maleate 0.5% in patients with increased intraocular pressure, 498
- Cataract**  
Cataract and aqueous flare levels in patients with atopic dermatitis, 36  
Giant retinal tear as a complication of attempted removal of intravitreal lens fragments during cataract surgery, 222  
A pars plana approach for cataract surgery in posterior lenticonus, 695

- Parotid-like retinopathy after uncomplicated administration of retrobulbar anesthesia, 702**
- Cataract surgery**  
Changes in the anterior chamber configuration after small-incision cataract surgery with posterior chamber intraocular lens implantation, 775  
A pars plana approach for cataract surgery in posterior lenticonus, 695  
Parotid-like retinopathy after uncomplicated administration of retrobulbar anesthesia, 702
- Cavernous internal carotid artery**  
Recurrent abducens nerve palsy caused by dolichoectasia of the cavernous internal carotid artery, 255
- Cavernous sinus thrombosis**  
Ocular neuromyotonia in a patient with cavernous sinus thrombosis secondary to mucormycosis, 122
- Cavernous-dural fistula**  
Cavernous-dural fistula with secondary angle-closure glaucoma, 851
- Central retinal vein occlusion**  
Iatrogenic central retinal vein occlusion and hyperviscosity associated with high-dose intravenous immunoglobulin administration, 416
- Children**  
Angle-closure glaucoma in a 10-year-old girl, 251  
Bilateral aplasia of the optic nerves, chiasm, and tracts in an otherwise healthy infant, 409  
Choroidal osteoma in an infant, 119  
Coats-type retinitis pigmentosa in a 4-year-old child, 846  
Floppy eyelid syndrome in a child with chronic unilateral conjunctivitis, 109  
Idiopathic intracranial hypertension in children and adolescents, 253  
Intraocular molluscum contagiosum after a corneoscleral laceration, 560  
Leukocoria caused by occult penetrating trauma in a child, 117  
Ocular leech infestation in a child, 110  
Solitary extranodal anaplastic large cell lymphoma, Ki-1+, of the eyelid, 105  
Surgical correction of incomplete cryptophthalmos in Fraser syndrome, 107
- Choroid**  
Flow cytometry analysis of peripheral blood lymphocytes in patients with choroidal melanoma, 357
- Choroidal effusions**  
Adverse side effects associated with latanoprost, 683
- Choroidal ischemia**  
Sectorial choroidal ischemia associated with ipsilateral lacrimal gland tumor, 263
- Choroidal osteoma**  
Choroidal osteoma in an infant, 119
- Cidofovir**  
Intraocular pressure and aqueous humor dynamics in patients with AIDS treated with intravitreal cidofovir (HPMPC) for cytomegalovirus retinitis, 168
- Ciliary body**  
Endoscopic photocoagulation of the ciliary body for treatment of refractory glaucomas, 787
- Coats-type retinitis pigmentosa**  
Coats-type retinitis pigmentosa in a 4-year-old child, 846
- Conjunctiva**  
Acute lymphoblastic leukemia manifesting in an adult as a conjunctival mass, 104  
Amniotic membrane transplantation for conjunctival surface reconstruction, 765  
Multiple conjunctival metastases as the initial sign of metastatic uveal melanoma, 549
- Conjunctival epithelial dysplasia**  
Topical mitomycin C for the treatment of conjunctival and corneal epithelial dysplasia and neoplasia, 303
- Conjunctival epithelial neoplasia**  
Topical mitomycin C for the treatment of conjunctival and corneal epithelial dysplasia and neoplasia, 303  
Treatment of recurrent conjunctival epithelial neoplasia with topical mitomycin C, 397
- Conjunctival metastasis**  
Conjunctival metastasis as the initial manifestation of lung cancer, 399
- Conjunctivitis**  
Floppy eyelid syndrome in a child with chronic unilateral conjunctivitis, 109
- Contact lens**  
Corneal ulcer associated with contamination of aerosol saline spray tip, 394
- Contrast sensitivity**  
Evaluation of a zonal-progressive multifocal intraocular lens, 321
- Cornea**  
Microsporidial keratoconjunctivitis in a patient without human immunodeficiency virus infection, 395  
Surgical correction of incomplete cryptophthalmos in Fraser syndrome, 107
- Corneal epithelial dysplasia**  
Topical mitomycin C for the treatment of conjunctival and corneal epithelial dysplasia and neoplasia, 303
- Corneal epithelial neoplasia**  
Topical mitomycin C for the treatment of conjunctival and corneal epithelial dysplasia and neoplasia, 303
- Corneal opacity**  
Surgical correction of incomplete cryptophthalmos in Fraser syndrome, 107
- Corneal transplantation**  
Assessment of health-related quality of life after corneal transplantation, 1
- Corneal ulcer**  
Corneal ulcer associated with contamination of aerosol saline spray tip, 394
- Corrections**  
Secondary intraocular lens implantation after cataract surgery in children, 123:224; correction; correction, 134
- Cryptococcal meningitis**  
Favorable visual outcome in cryptococcal meningitis, 558

- Cryptophthalmos**  
Surgical correction of incomplete cryptophthalmos in Fraser syndrome, 107
- Cyclophotocoagulation**  
Diode laser contact transscleral cyclophotocoagulation for refractory glaucoma in Asian patients, 797  
Endoscopic photocoagulation of the ciliary body for treatment of refractory glaucomas, 787
- Cystoid macular edema**  
Adverse side effects associated with latanoprost, 683
- Cytomegalovirus retinitis**  
An in vivo model of human cytomegalovirus retinal infection, 181  
Delayed vitreous hemorrhage after placement of a ganciclovir implant for cytomegalovirus retinitis, 557  
Elevation of laser flare photometry in patients with cytomegalovirus retinitis and AIDS, 190  
Foscarnet-ganciclovir cytomegalovirus retinitis trial: 5. Clinical features of cytomegalovirus retinitis at diagnosis, 141  
Intraocular pressure and aqueous humor dynamics in patients with AIDS treated with intravitreal cidofovir (HPMPC) for cytomegalovirus retinitis, 168  
Regression of cytomegalovirus retinitis associated with protease-inhibitor treatment in patients with AIDS, 199  
Rhegmatogenous retinal detachment in patients with cytomegalovirus retinitis: The foscarnet-ganciclovir cytomegalovirus retinitis trial, 61
- D**
- Deviated hydroxyapatite orbital implant syndrome**  
Deviated hydroxyapatite orbital implant syndrome, 123
- Diabetes**  
Macular pattern retinal dystrophy, adult-onset diabetes, and deafness: A family study of A3243G mitochondrial heteroplasm, 217
- Diabetic retinopathy**  
Transient shallow anterior chamber induced by supraciliary fluid after vitreous surgery, 696  
Vascular endothelial growth factor and fibroblast growth factor 5 are colocalized in vascular and avascular epiretinal membranes, 447  
Vascular endothelial growth factor and severity of nonproliferative diabetic retinopathy mediate retinal hemodynamics in vivo: a potential role for vascular endothelial growth factor in the progression of nonproliferative diabetic retinopathy, 433
- Diode laser**  
Argon vs diode laser trabeculoplasty, 627  
Diode laser contact transscleral cyclophotocoagulation for refractory glaucoma in Asian patients, 797
- Discoid lupus erythematosus**  
Discoid lupus erythematosus presenting as asymmetric posterior blepharitis, 707
- Donor cornea**  
*Shewannella putrefaciens* endophthalmitis after penetrating keratoplasty, 114
- Drop test**  
Gravity, blink rate, and lacrimal drainage capacity, 758
- Drusen**  
Hyperfluorescent plaque lesions in the late phases of indocyanine green angiography: a possible contraindication to the laser treatment of drusen, 554  
Indocyanine green angiography of drusen, 344
- Dry eye**  
Prevalence of dry eye among the elderly, 723  
Use of high-speed, high-resolution thermography to evaluate the tear film layer, 729
- E**
- Echography**  
Echographic diagnosis of scleral fold in hypotony, 260
- Editorials**  
AIDS and ophthalmology: A period of transition (JABS, D. A., and BARTLETT, J. G.), 227  
Emerging therapies for acute ischemic stroke (SAVER, J. L., DEMER, J. L., and STARKMAN, S.), 384  
A hemodynamic model of the pathogenesis of age-related macular degeneration (FRIEDMAN, E.), 677  
Mitomycin C treatment of conjunctival intraepithelial neoplasia (GROSSNIKLAUS, H. E., and AABERG, T. M.), 381  
Recognizing structural damage to the optic nerve head and nerve fiber layer in glaucoma (CAPRIOLI, J.), 516  
Screening for resistance to activated protein C and the mutant gene for factor V:Q506 in patients with central retinal vein occlusion (VINE, A. K., and SAMAMA, M. M.), 673
- Electroretinogram**  
Retinal toxicity associated with occupational exposure to the fish anesthetic MS-222, 843
- Endometrial carcinoma**  
Endometrial carcinoma in a patient with blepharophimosis syndrome and menstrual abnormality, 855
- Endophthalmitis**  
Microbiologic factors and visual outcome in the endophthalmitis vitrectomy study (correspondence), 127  
*Shewannella putrefaciens* endophthalmitis after penetrating keratoplasty, 114
- Endophthalmitis Vitrectomy Study**  
Microbiologic factors and visual outcome in the endophthalmitis vitrectomy study (correspondence), 127
- Endoscopic photocoagulation**  
Endoscopic photocoagulation of the ciliary body for treatment of refractory glaucomas, 787
- Enhanced magnetic resonance imaging**  
Enhanced magnetic resonance imaging in a patient with acute paralysis of the inferior division of the oculomotor nerve, 406
- Enophthalmos**  
Unilateral enophthalmos secondary to acquired hemipolydys trophy, 572
- Enucleation**  
Deviated hydroxyapatite orbital implant syndrome, 123

- Epibulbar hemangiopericytoma**  
Epibulbar hemangiopericytoma, 547
- Epiretinal membrane**  
Diamond-dusted silicone cannula for epiretinal membrane separation during vitreous surgery, 552
- Epiretinal membranes**  
Vascular endothelial growth factor and fibroblast growth factor 5 are colocalized in vascular and avascular epiretinal membranes, 447
- Ewing sarcoma**  
Ewing sarcoma metastatic to the iris, 550
- Excimer laser**  
Lack of virus transmission by the excimer laser plume, 206
- Exfoliation**  
Association of pseudoexfoliation syndrome with increased vascular risk, 685
- F**
- Factor V Leiden**  
Retinal arterial occlusion in a child with factor V Leiden and thermolabile methylene tetrahydrofolate reductase mutations, 689
- Fibrinolysis**  
Intracameral urokinase for dissolution of fibrin or blood clots after glaucoma surgery, 693
- Fibroblast growth factor 5**  
Vascular endothelial growth factor and fibroblast growth factor 5 are colocalized in vascular and avascular epiretinal membranes, 447
- Fine-needle aspiration biopsy**  
Thymic carcinoma metastatic to the orbit, 401
- Floppy eyelid syndrome**  
Floppy eyelid syndrome in a child with chronic unilateral conjunctivitis, 109
- Flow cytometry**  
Diagnosis of intraocular lymphoma by flow cytometry, 362  
Flow cytometry analysis of peripheral blood lymphocytes in patients with choroidal melanoma, 357
- Fluorescein angiography**  
Macular ischemia as a cause of decreased vision in a patient with acquired immunodeficiency syndrome, 699
- Foscarnet**  
Foscarnet-ganciclovir cytomegalovirus retinitis trial: 5. Clinical features of cytomegalovirus retinitis at diagnosis, 141  
Rhegmatogenous retinal detachment in patients with cytomegalovirus retinitis: The foscarnet-ganciclovir cytomegalovirus retinitis trial, 61
- Fraser syndrome**  
Surgical correction of incomplete cryptophthalmos in Fraser syndrome, 107
- Frozen section guidance**  
Frozen section-guided surgical debridement for management of rhino-orbital mucormycosis, 265
- Fungal corneal ulcers**  
Treatment of fungal corneal ulcers with amphotericin B ointment, 836
- G**
- Gallium nitrate**  
Gallium nitrate optic neuropathy, 567
- Ganciclovir**  
Delayed vitreous hemorrhage after placement of a ganciclovir implant for cytomegalovirus retinitis, 557
- Foscarnet-ganciclovir cytomegalovirus retinitis trial: 5. Clinical features of cytomegalovirus retinitis at diagnosis, 141**
- Intravitreal ganciclovir treatment in progressive outer retinal necrosis, 418
- Rhegmatogenous retinal detachment in patients with cytomegalovirus retinitis: The foscarnet-ganciclovir cytomegalovirus retinitis trial, 61
- Genetic linkage analysis**  
Clinical and genetic evidence for autosomal dominant North Carolina macular dystrophy in a German family, 412
- Genetics**  
Familial aggregation of age-related maculopathy (correspondence), 862
- Giant cell arteritis**  
Implications of thrombocytosis in giant cell arteritis, 103
- Glaucoma**  
Angle-closure glaucoma in a 10-year-old girl, 251  
Association of pseudoexfoliation syndrome with increased vascular risk, 685  
Cavernous-dural fistula with secondary angle-closure glaucoma, 851  
Correlation between mean visual field loss and morphometric optic disk variables in the open-angle glaucomas, 488  
Endoscopic photocoagulation of the ciliary body for treatment of refractory glaucomas, 787  
Evaluation of Nd:YAG laser membranectomy in blocked tubes after glaucoma tube-shunt surgery, 781  
Hemodynamic and visual function effects of oral nifedipine in patients with normal-tension glaucoma, 296  
Intracameral urokinase for dissolution of fibrin or blood clots after glaucoma surgery, 693  
Latanoprost for uncontrolled glaucoma in a compassionate case protocol, 279  
Late onset of sequential multifocal bleb leaks after glaucoma filtration surgery with 5-fluorouracil and mitomycin C, 40  
Quantitative differences between the optic nerve head and peripapillary retina in low-tension and high-tension primary open-angle glaucoma, 805  
The relationship between progression of visual field defects and retrobulbar circulation in patients with glaucoma, 287  
Severe vision loss and neovascular glaucoma complicating superior ophthalmic vein approach to carotid-cavernous sinus fistula, 853
- Glaucoma surgery**  
Intracameral urokinase for dissolution of fibrin or blood clots after glaucoma surgery, 693

<b>Intraocular lens</b>	Damage of foldable intraocular lenses by incorrect folder forceps, 245
Evaluation of a zonal-progressive multifocal intraocular lens, 321	

- Management of condensation on a foldable acrylic intraocular lens after vitrectomy and fluid-air exchange, 692
- A pars plana approach for cataract surgery in posterior lenticonus, 695
- Reduction in the area of the anterior capsule opening after polymethylmethacrylate, silicone, and soft acrylic intraocular lens implantation (correspondence), 710
- Intraocular pressure**
- Efficacy of carteolol hydrochloride 1% vs timolol maleate 0.5% in patients with increased intraocular pressure, 498
  - Intraocular pressure and aqueous humor dynamics in patients with AIDS treated with intravitreal cidofovir (HPMPC) for cytomegalovirus retinitis, 168
  - Intraocular pressure and proptosis in 95 patients with Graves ophthalmopathy, 570
  - Ultrasound biomicroscopic findings in humans with shallow anterior chamber and increased intraocular pressure after the prone provocation test, 632
- Intravitreal blood**
- Delayed hyphema and intravitreal blood following intrableb autologous blood injection after trabeculectomy, 115
- Intravitreal lens fragments**
- Giant retinal tear as a complication of attempted removal of intravitreal lens fragments during cataract surgery, 222
- Iris**
- Ewing sarcoma metastatic to the iris, 550
- J**
- Jackson, Edward**
- Persistent fetal vasculature (PFV): an integrated interpretation of signs and symptoms associated with persistent hyperplastic primary vitreous (PHPV). LIV Edward Jackson Memorial Lecture, 587
- K**
- Keratan sulfate monoclonal antibody**
- Macular corneal dystrophy in Saudi Arabia: A study of 56 cases and recognition of a new immunophenotype, 9
- Keratectomy**
- Corneal topographic evaluation of decentration in photorefractive keratectomy: treatment displacement vs intraoperative drift, 312
- Keratitis**
- Corneal ulcer associated with contamination of aerosol saline spray tip, 394
  - Microsporidial keratoconjunctivitis in a patient without human immunodeficiency virus infection, 395
  - Ocular and sinus microsporidial infection cured with systemic albendazole, 241
- Keratoconjunctivitis**
- Lacrimal punctal occlusion for the treatment of superior limbic keratoconjunctivitis, 80
- Keratopathy**
- Infectious crystalline keratopathy caused by gram-negative bacteria, 19
  - Superficial keratopathy in intensive care unit patients, 212
- Keratoplasty**
- Shewannella putrefaciens* endophthalmitis after penetrating keratoplasty, 114
- Ki-1 positive**
- Solitary extranodal anaplastic large cell lymphoma, Ki-1+, of the eyelid, 105
- L**
- Lacrimal drainage capacity**
- Gravity, blink rate, and lacrimal drainage capacity, 758
- Lacrimal gland**
- Sectorial choroidal ischemia associated with ipsilateral lacrimal gland tumor, 263
  - Warthin tumor of the lacrimal gland, 857

Optic nerve neovascularization in incontinentia pigmenti, 410
- Peripheral retinal neovascularization and retinal vascular occlusion associated with activated protein C resistance, 687
- Retinal pigment epithelium**  
Atrophic fundus lesions associated with untreated retinopathy of prematurity, 247
- Retinal tear**  
Giant retinal tear as a complication of attempted removal of intravitreal lens fragments during cataract surgery, 222
- Retinal thickness**  
Clinical assessment of the macula by retinal topography and thickness mapping, 648
- Retinal topography**  
Clinical assessment of the macula by retinal topography and thickness mapping, 648
- Retinal toxicity**  
Retinal toxicity associated with occupational exposure to the fish anesthetic MS-222, 843
- Retinal vascular occlusion**  
Peripheral retinal neovascularization and retinal vascular occlusion associated with activated protein C resistance, 687
- Retinal vein occlusion**  
Bilateral retinal vein occlusion associated with 5,10-methylenetetrahydrofolate reductase mutation, 840
- Peripheral retinal neovascularization and retinal vascular occlusion associated with activated protein C resistance, 687
- Retinal vein occlusion and transient monocular visual loss associated with hyperhomocystinemia, 257
- Retinitis**  
Analysis of visual dysfunctions in HIV-positive patients without retinitis, 158
- Retinitis pigmentosa**  
Coats-type retinitis pigmentosa in a 4-year-old child, 846

Phenotypes in three Swedish families with X-linked retinitis pigmentosa caused by different mutations in the *RPGR* gene, 95

#### **Retinopathy**

Coats-type retinitis pigmentosa in a 4-year-old child, 846

Macular ischemia as a cause of decreased vision in a patient with acquired immunodeficiency syndrome, 699

#### **Retinopathy of prematurity**

Atrophic fundus lesions associated with untreated retinopathy of prematurity, 247

#### **Retrobulbar anesthesia**

Purtscher-like retinopathy after uncomplicated administration of retrobulbar anesthesia, 702

#### **Retrobulbar circulation**

The relationship between progression of visual field defects and retrobulbar circulation in patients with glaucoma, 287

#### **Rhino-orbital mucormycosis**

Frozen section-guided surgical debridement for management of rhino-orbital mucormycosis, 265

#### **Rose bengal staining**

Rose bengal staining and cytologic characteristics associated with lipid tear deficiency, 736

#### **RPGR gene**

Phenotypes in three Swedish families with X-linked retinitis pigmentosa caused by different mutations in the *RPGR* gene, 95

## **S**

#### **Sarcoidosis**

Prolonged Uhthoff phenomenon in sarcoidosis, 564

#### **Saudi Arabia**

Macular corneal dystrophy in Saudi Arabia: A study of 56 cases and recognition of a new immunophenotype, 9

#### **Scleral fold**

Echographic diagnosis of scleral fold in hypotony, 260

#### **Shewannella putrefaciens**

*Shewannella putrefaciens* endophthalmitis after penetrating keratoplasty, 114

#### **Short-wavelength sensitivity**

Asymmetries in the normal short-wavelength visual field: Implications for short-wavelength automated perimetry, 46

#### **Sickle cell retinopathy**

Histopathologic features of neovascularization in sickle cell retinopathy, 455

#### **Spontaneous lid ectropion**

Floppy eyelid syndrome in a child with chronic unilateral conjunctivitis, 109

#### **Subarachnoid hemorrhage**

Breakdown of the meningeal barrier surrounding the intraorbital optic nerve after experimental subarachnoid hemorrhage, 373

#### **Sulcus fixation**

A pars plana approach for cataract surgery in posterior lenticonus, 695

#### **Supraciliary fluid**

Transient shallow anterior chamber induced by supraciliary fluid after vitreous surgery, 696

#### **Surgical instruments**

Diamond-dusted silicone cannula for epiretinal membrane separation during vitreous surgery, 552

## **T**

#### **Talc embolism**

Talc embolism: a static retinopathy, 841

#### **Talc retinopathy**

Talc embolism: a static retinopathy, 841

#### **Tear disorders**

Important concepts for treating ocular surface and tear disorders, 825

#### **Tear film layer**

Use of high-speed, high-resolution thermography to evaluate the tear film layer, 729

#### **Teratoma**

Optic nerve hypoplasia secondary to intracranial teratoma, 705

#### **Terson syndrome**

Bilateral subinternai limiting membrane hemorrhage with Terson syndrome, 850

#### **Thermography**

Use of high-speed, high-resolution thermography to evaluate the tear film layer, 729

#### **Thrombocytosis**

Implications of thrombocytosis in giant cell arteritis, 103

#### **Thymic carcinoma**

Thymic carcinoma metastatic to the orbit, 401

#### **Timolol maleate**

Efficacy of carteolol hydrochloride 1% vs timolol maleate 0.5% in patients with increased intraocular pressure, 498

#### **Topography**

Corneal topographic evaluation of decentration in photorefractive keratectomy: treatment displacement vs intraoperative drift, 312

Quantitative differences between the optic nerve head and peripapillary retina in low-tension and high-tension primary open-angle glaucoma, 805

#### **Trabeculectomy**

Delayed hyphema and intravitreal blood following intrableb autologous blood injection after trabeculectomy, 115

#### **Trabeculoplasty**

Argon vs diode laser trabeculoplasty, 627

#### **Transscleral cyclophotocoagulation**

Diode laser contact transscleral cyclophotocoagulation for refractory glaucoma in Asian patients, 797

#### **Trauma**

Intraocular molluscum contagiosum after a corneoscleral laceration, 560

Leukocoria caused by occult penetrating trauma in a child, 117

Optic nerve avulsion from a diving injury, 562

#### **Tumor**

Acute lymphoblastic leukemia manifesting in an adult as a conjunctival mass, 104

## **U**

### **Uhthoff phenomenon**

Prolonged Uhthoff phenomenon in sarcoidosis, 564

### **Ultrasound**

Anterior chamber depth in Mongolians: Variation with age, sex, and method of measurement, 53

Echographic diagnosis of scleral fold in hypotony, 260

### **Ultrasound biomicroscopy**

Changes in the anterior chamber configuration after small-incision cataract surgery with posterior chamber intraocular lens implantation, 775

Ultrasound biomicroscopic findings in humans with shallow anterior chamber and increased intraocular pressure after the prone provocation test, 632

### **Uveal melanoma**

Trifocal uveal melanoma, 848

### **Uveitis**

Diagnosis of intraocular lymphoma by flow cytometry, 362

Metastatic anterior chamber non-Hodgkin lymphoma in a patient with acquired immunodeficiency syndrome, 243

Uveitis associated with an epidemic outbreak of leptospirosis, 71

### **Uveoscleral outflow**

Latanoprost for uncontrolled glaucoma in a compassionate case protocol, 279

## **V**

### **Vascular endothelial growth factor**

Vascular endothelial growth factor and fibroblast growth factor 5 are colocalized in vascular and avascular epiretinal membranes, 447

Vascular endothelial growth factor and severity of nonproliferative diabetic retinopathy mediate retinal hemodynamics *in vivo*: a potential role for vascular endothelial growth factor in the progression of nonproliferative diabetic retinopathy, 433

### **Vascular risk**

Association of pseudoexfoliation syndrome with increased vascular risk, 685

### **Visual acuity**

Evaluation of a zonal-progressive multifocal intraocular lens, 321

### **Visual field**

Asymmetries in the normal short-wavelength visual field: Implications for short-wavelength automated perimetry, 46

The relationship between progression of visual field defects and retrobulbar circulation in patients with glaucoma, 287

### **Visual field defect**

Dehydration injury as a possible cause of visual field defect after pars plana vitrectomy for macular hole, 698

### **Visual field loss**

Visual field loss after vitrectomy for full-thickness macular holes, 88

### **Visual function**

Analysis of visual dysfunctions in HIV-positive patients without retinitis, 158

### **Visual loss**

Nonarteritic anterior ischemic optic neuropathy: time of onset of visual loss, 641

### **Vitrectomy**

Branch retinal artery occlusion by diathermy of a persistent hyaloid artery, 415

Management of condensation on a foldable acrylic intraocular lens after vitrectomy and fluid-air exchange, 692

Visual field loss after vitrectomy for full-thickness macular holes, 88

### **Vitreous cells**

Diagnosis of intraocular lymphoma by flow cytometry, 362

### **Vitreous hemorrhage**

Delayed vitreous hemorrhage after placement of a ganciclovir implant for cytomegalovirus retinitis, 557

### **Vitreous surgery**

Diamond-dusted silicone cannula for epiretinal membrane separation during vitreous surgery, 552

Transient shallow anterior chamber induced by supraciliary fluid after vitreous surgery, 696

## **W**

### **Warthin tumor**

Warthin tumor of the lacrimal gland, 857

### **Weber-Christian disease**

Proptosis as the manifesting sign of Weber-Christian disease, 125

## **5**

### **5-fluorouracil**

Late onset of sequential multifocal bleb leaks after glaucoma filtration surgery with 5-fluorouracil and mitomycin C, 40

### **5,10-methylenetetrahydrofolate reductase mutation**

Bilateral retinal vein occlusion associated with 5,10-methylenetetrahydrofolate reductase mutation, 840

## ABSTRACT INDEX

### A

#### **Abducent nerve**

Full functional recovery after surgical repair of transected abducent nerve: case report, 137

#### **Abraham Lincoln**

Lincoln's vertical strabismus, 138

#### **Acquired immunodeficiency syndrome**

Treatment of cytomegalovirus retinitis in patients with the acquired immunodeficiency syndrome, 716

Treatment of cytomegalovirus retinitis with a sustained-release ganciclovir implant, 716

#### **Age-related macular degeneration**

The Wisconsin age-related macular degeneration grading system: performance in an independent centre, 585

#### **Alzheimer disease**

Clinical features of early-onset Alzheimer disease in a large kindred with an E280A presenilin-1 mutation, 137

Simulated car crashes and crash predictors in drivers with Alzheimer disease, 582

#### **Amblyopia**

Atropine penalization vs occlusion as the primary treatment for amblyopia, 273

#### **Anesthesia**

Outcomes of patients with no laboratory assessment before anesthesia and a surgical procedure, 428

#### **Antiglaucomatous agents**

The effects of antiglaucomatous agents on conjunctiva used for various durations, 272

#### **Apoptosis**

Infiltrating inflammatory cell phenotypes and apoptosis in rejected human corneal allografts, 427

#### **Arthritis**

Prevalence of uveitis in an outpatient juvenile arthritis clinic: onset of uveitis more than a decade after onset of arthritis, 717

#### **Astrocytes**

Comparative study of astrocytes in human and rabbit retinae, 871

#### **Atropine penalization**

Atropine penalization vs occlusion as the primary treatment for amblyopia, 273

#### **Autosomal dominant cerebellar ataxias**

Autosomal dominant cerebellar ataxia with retinal degeneration (ADCA II): clinical and neuropathological findings in two pedigrees and genetic linkage to 3p12-p21.1, 718

### B

#### **Baclofen**

A double-blind controlled study of gabapentin and baclofen as treatment for acquired nystagmus, 584

#### **Blue Mountain Eye Study**

Lack of association between localized cataract and visual field loss: The Blue Mountain Eye Study, 871

### Broca area

Distinct cortical areas associated with native and second languages, 868

### C

#### **Carotid endarterectomy**

Regional performance of carotid endarterectomy. Appropriateness, outcomes, and risk factors for complications, 583

#### **Cataract**

Anterior chamber irrigation with unpreserved lidocaine 1% for anesthesia during cataract surgery, 581

Lack of association between localized cataract and visual field loss: The Blue Mountain Eye Study, 871

Use of inhaled corticosteroids and the risk of cataracts, 585

Variations in cataract extraction rates in Medicare prepaid and fee-for-service settings, 584

#### **Cavernous sinus**

The surgical resectability of meningiomas of the cavernous sinus, 428

#### **Cerebral swelling**

Bilateral superior ophthalmic vein enlargement associated with diffuse cerebral swelling, 429

#### **Children**

Optic pathway gliomas in children with neurofibromatosis 1: consensus statement from the NF1 optic pathway glioma task force, 274

#### **Conjunctiva**

Characterisation of the normal conjunctival leukocyte population, 719

The effects of antiglaucomatous agents on conjunctiva used for various durations, 272

#### **Contact lens**

The effect of high and low Dk/L soft contact lenses of the glycocalyx layer of the corneal epithelium and on the membrane associated receptors for lectins, 717

#### **Cornea**

Central corneal endothelial cell changes over a ten-year period, 273

Kerato-epithelin mutations in four 5q31-linked corneal dystrophies, 272

#### **Corneal allografts**

Infiltrating inflammatory cell phenotypes and apoptosis in rejected human corneal allografts, 427

#### **Corneal dystrophy**

Kerato-epithelin mutations in four 5q31-linked corneal dystrophies, 272

#### **Corneal endothelia**

Central corneal endothelial cell changes over a ten-year period, 273

#### **Corneal epithelial erosion**

Corneal infiltration after recurrent corneal epithelial erosion, 870

- Corneal infiltration**  
Corneal infiltration after recurrent corneal epithelial erosion, 870
- Cortical areas**  
Distinct cortical areas associated with native and second languages, 868
- Corticosteroids**  
Use of inhaled corticosteroids and the risk of cataracts, 585
- Cytomegalovirus retinitis**  
Treatment of cytomegalovirus retinitis in patients with the acquired immunodeficiency syndrome, 716  
Treatment of cytomegalovirus retinitis with a sustained-release ganciclovir implant, 716
- D**
- Diabetic retinopathy**  
Defective homocysteine metabolism as a risk factor for diabetic retinopathy, 136
- Doxycycline**  
Ocular rosacea: signs, symptoms, and tear studies before and after treatment with doxycycline, 426
- E**
- Endothelial metaplasia**  
Endothelial metaplasia in the iridocorneal endothelial syndrome, 870
- Epstein-Barr virus**  
Epstein-Barr virus-driven gene therapy for EBV-related lymphomas, 135
- Erythrocyte sedimentation rate**  
Polymyalgia rheumatica without significantly increased erythrocyte sedimentation rate, 580
- Eye burns**  
Tenonplasty: a new surgical approach for the treatment of severe eye burns, 135
- F**
- Factor V Leiden**  
Ethnic distribution of factor V Leiden in 4,047 men and women. Implications for venous thromboembolism screening, 275
- Fuchs heterochromic cyclitis**  
Electroretinographic findings in Fuchs heterochromic cyclitis, 720
- G**
- Gabapentin**  
A double-blind controlled study of gabapentin and baclofen as treatment for acquired nystagmus, 584
- Ganciclovir implant**  
Treatment of cytomegalovirus retinitis with a sustained-release ganciclovir implant, 716
- Gene encoding**  
Evaluation of the human gene encoding recoverin in patients with retinitis pigmentosa or an allied disease, 138
- Gene mutation**  
Clinical features of early-onset Alzheimer disease in a large kindred with an E280A presenilin-1 mutation, 137
- Gene therapy**  
Epstein-Barr virus-driven gene therapy for EBV-related lymphomas, 135
- Glaucoma**  
Hyaluronic acid in the normal and glaucomatous optic nerve, 430
- Gliomas**  
Optic pathway gliomas in children with neurofibromatosis 1: consensus statement from the NF1 optic pathway glioma task force, 274
- Glucocorticoids**  
Inhaled and nasal glucocorticoids and the risks of ocular hypertension or open-angle glaucoma, 136
- Glycocalyx layer**  
The effect of high and low Dk/L soft contact lenses of the glycocalyx layer of the corneal epithelium and on the membrane associated receptors for lectins, 717
- H**
- Herpes simplex virus**  
Distribution of herpes simplex virus types 1 and 2 genomes in human spinal ganglia studied by PCR and in situ hybridization, 580
- Homocysteine metabolism**  
Defective homocysteine metabolism as a risk factor for diabetic retinopathy, 136
- Homonymous hemianopia**  
The central visual field in homonymous hemianopia, 136
- Hospital performance**  
Severity-adjusted mortality and length of stay in teaching and nonteaching hospitals. Results of a regional study, 867
- Human papillomavirus infection**  
Detection of human papillomavirus infection in squamous tumors of the conjunctiva and lacrimal sac by immunohistochemistry, in situ hybridization, and polymerase chain reaction, 428
- Hyaluronic acid**  
Hyaluronic acid in the normal and glaucomatous optic nerve, 430
- Hyperopia**  
Excimer laser photorefractive keratectomy for low hyperopia: safety and efficacy, 581
- I**
- Immunohistochemistry**  
Detection of human papillomavirus infection in squamous tumors of the conjunctiva and lacrimal sac by immunohistochemistry, in situ hybridization, and polymerase chain reaction, 428
- In situ hybridization**  
Detection of human papillomavirus infection in squamous tumors of the conjunctiva and lacrimal sac by immunohistochemistry, in situ hybridization, and polymerase chain reaction, 428
- Distribution of herpes simplex virus types 1 and 2 genomes in human spinal ganglia studied by PCR and in situ hybridization, 580

**Infectious disease pathology**

Emerging and reemerging infections. Progress and challenges in the subspecialty of infectious disease pathology, 868

**Intraocular tumors**

Local inhibition of natural killer cell activity promotes the progressive growth of intraocular tumors, 429

**Iridocorneal endothelial (ICE) syndrome**

Endothelial metaplasia in the iridocorneal endothelial syndrome, 870

**K****Kerato-epithelin mutations**

Kerato-epithelin mutations in four 5q31-linked corneal dystrophies, 272

**L****Language acquisition**

Distinct cortical areas associated with native and second languages, 868

**Lasers**

Excimer laser photorefractive keratectomy for low hyperopia: safety and efficacy, 581

**Lidocaine**

Anterior chamber irrigation with unpreserved lidocaine 1% for anesthesia during cataract surgery, 581

**Lymphomas**

Epstein-Barr virus-driven gene therapy for EBV-related lymphomas, 135

**M****Mammalian cells**

Viable offspring derived from fetal and adult mammalian cells, 276

**Medicare**

Auditing the Medicare-billing practices of teaching physicians: welcome accountability, unfair approach, 583

Variations in cataract extraction rates in Medicare prepaid and fee-for-service settings, 584

**Meesmann corneal dystrophy**

Mutations in cornea-specific keratin K3 or K12 genes cause Meesmann corneal dystrophy, 717

**Melanogenesis**

Regulation of melanogenesis by human uveal melanocytes in vitro, 430

**Meningiomas**

The surgical resectability of meningiomas of the cavernous sinus, 428

**Mycobacterial DNA**

Presence of mycobacterial DNA in sarcoidosis, 869

**N****Natural killer cell**

Local inhibition of natural killer cell activity promotes the progressive growth of intraocular tumors, 429

**Neurofibromatosis 1**

The diagnostic evaluation and multidisciplinary management of neurofibromatosis 1 and neurofibromatosis 2, 718

**Neurofibromatosis 2**

The diagnostic evaluation and multidisciplinary management of neurofibromatosis 1 and neurofibromatosis 2, 718

**Nystagmus**

A double-blind controlled study of gabapentin and baclofen as treatment for acquired nystagmus, 584

**O****Occlusion**

Atropine penalization vs occlusion as the primary treatment for amblyopia, 273

**Ocular hypertension**

Inhaled and nasal glucocorticoids and the risks of ocular hypertension or open-angle glaucoma, 136

**Ocular motility disorders**

International symposium for therapy of ocular motility and related visual disturbances, 867

**Ocular myasthenia gravis**

Ocular myasthenia gravis: response to long term immunosuppressive treatment, 869

**Ocular rosacea**

Ocular rosacea: signs, symptoms, and tear studies before and after treatment with doxycycline, 426

**Open-angle glaucoma**

Inhaled and nasal glucocorticoids and the risks of ocular hypertension or open-angle glaucoma, 136

Severity of optic nerve damage in eyes with POAG is correlated with changes in the trabecular meshwork, 139

**Optic disc edema**

Asymptomatic optic disc edema, 429

**Optic nerve**

Hyaluronic acid in the normal and glaucomatous optic nerve, 430

**Optic neuritis**

Visual symptoms after optic neuritis. Results from the Optic Neuritis Treatment Trial, 275

**Optic Neuritis Treatment Trial**

Visual symptoms after optic neuritis. Results from the Optic Neuritis Treatment Trial, 275

**P****Penetrating keroplasty**

Acute and chronic immune reactions after penetrating keroplasty with normal immune risk, 426

**Photophobia**

Effectiveness of topical diclofenac in relieving photophobia after pupil dilation, 870

**Photorefractive keratectomy**

Excimer laser photorefractive keratectomy for low hyperopia: safety and efficacy, 581

**Pneumatic retinopexy**

Pneumatic retinopexy vs scleral buckling: a randomized controlled trial, 427

**Polymerase chain reaction**

Detection of human papillomavirus infection in squamous tumors of the conjunctiva and lacrimal sac by immunohistochemistry, *in situ* hybridization, and polymerase chain reaction, 428

Distribution of herpes simplex virus types 1 and 2 genomes in human spinal ganglia studied by PCR and *in situ* hybridization, 580

**Polymyalgia rheumatica**

Polymyalgia rheumatica without significantly increased erythrocyte sedimentation rate, 580

**Q****Quadrantanopia**

The localizing value of a quadrantanopia, 274

**R****Recoverin**

Evaluation of the human gene encoding recoverin in patients with retinitis pigmentosa or an allied disease, 138

**Refractive surgery**

Molecular cell biology for the refractive corneal surgeon: programmed cell death and wound healing, 138

**Retina**

Comparative study of astrocytes in human and rabbit retinae, 871

Influence of the sensory retina on healing of the rabbit retinal pigment epithelium, 276

**Retinal pigment epithelial cell transplants**

Immunity and immune privilege elicited by cultured retinal pigment epithelial cell transplants, 719

**Retinal pigment epithelium**

Influence of the sensory retina on healing of the rabbit retinal pigment epithelium, 276

**Retinitis pigmentosa**

Evaluation of the human gene encoding recoverin in patients with retinitis pigmentosa or an allied disease, 138

**Retinopathy of prematurity**

Retinopathy of prematurity in middle-income countries, 720

**S****Sarcoidosis**

Presence of mycobacterial DNA in sarcoidosis, 869

**Scleral buckling**

Pneumatic retinopexy vs scleral buckling: a randomized controlled trial, 427

**Sjögren syndrome**

Identification of  $\alpha$ -fodrin as a candidate autoantigen in primary Sjögren's syndrome, 582

**Spinal ganglia**

Distribution of herpes simplex virus types 1 and 2 genomes in human spinal ganglia studied by PCR and *in situ* hybridization, 580

**Squamous tumors**

Detection of human papillomavirus infection in squamous tumors of the conjunctiva and lacrimal sac by immunohistochemistry, *in situ* hybridization, and polymerase chain reaction, 428

**Subarachnoid hemorrhage**

Terson's syndrome in spontaneous subarachnoid hemorrhage: a prospective study in 60 consecutive patients, 137

**Superior ophthalmic vein enlargement**

Bilateral superior ophthalmic vein enlargement associated with diffuse cerebral swelling, 429

**T****Tenonplasty**

Tenonplasty: a new surgical approach for the treatment of severe eye burns, 135

**Terson's syndrome**

Terson's syndrome in spontaneous subarachnoid hemorrhage: a prospective study in 60 consecutive patients, 137

**The SEE study**

A comprehensive assessment of visual impairment in a population of older Americans: the SEE study, 272

**Topical diclofenac**

Effectiveness of topical diclofenac in relieving photophobia after pupil dilation, 870

**Toxoplasmosis**

Disseminated toxoplasmosis. Unusual presentations in the immunocompromised host, 868

**Transsphenoidal surgery**

Complications of transsphenoidal surgery: results of a national survey, review of the literature, and personal experience, 274

**U****Ultrasound biomicroscopy**

Ultrasound biomicroscopic analysis of the effect of pilocarpine on the anterior chamber angle, 720

**Uveal melanocytes**

Regulation of melanogenesis by human uveal melanocytes *in vitro*, 430

**Uveitis**

Prevalence of uveitis in an outpatient juvenile arthritis clinic: onset of uveitis more than a decade after onset of arthritis, 717

**V****Vertical strabismus**

Lincoln's vertical strabismus, 138

**Visual field**

The central visual field in homonymous hemianopia, 136
